

15-0-0

CONCENTRATED PHOSPHITE FERTILIZER

GUARANTEED ANALYSIS

Total Nitrogen (N)..... 15%
2.5% Ammoniacal Nitrogen
12.5% Urea Nitrogen
Derived from aqua ammonia and urea phosphite

Prudent® 42CW highly concentrated phosphite fertilizer is effective at very low use rates. It is an ideal partner product with Nutrol® EPA registered fungicide for control of soil borne and foliar diseases.

Prudent 42CW (15-0-0 with 42% PO₃) fertilizer is formulated with patented urea phosphite. Urea phosphite is a “eutectic”, which allows a high concentration of phosphite in the Prudent family of specialty fertilizers.

CONCENTRATED PHOSPHITE FERTILIZER + AMINO ACIDS

GUARANTEED ANALYSIS

Total Nitrogen (N)..... 13%
0.5% Ammoniacal Nitrogen
12.13% Urea Nitrogen
0.37% Other Water Soluble Nitrogen
Derived from aqua ammonia, amino acids and urea phosphite

Prudent® 40PLUS highly concentrated phosphite fertilizer (40% PO₃, expressed as P₂O₅), is formulated with patented urea phosphite and Pennamin Driver-P amino acids. The amino acids aid in building tolerance against environmental stresses, help move nutrients into the plant, and, play important roles in almost every plant function. And, since they are free amino acids they are readily plant-available. This saved energy can then be used for other plant functions.

COMBAT ENVIRONMENTAL STRESSES WITH AMINO ACIDS
