Derived from urea, monopotassium phosphate, calcium EDTA, monoammonium phosphate, boric acid, copper IDS, iron EDTA, iron IDS, magnesium EDTA, magnesium IDS, manganese EDTA, manganese IDS, zinc EDTA and zinc IDS.

WARNING: The use of Boron on any crops other than those recommended may result in serious injury to the crop. Contact your county agent or field representative before making application.

SHAKE IMMEDIATELY BEFORE USE

KEEP OUT OF REACH OF CHILDREN

WARNING

May be harmful if swallowed. May be harmful in contact with skin. Causes skin irritation. Causes eye irritation. May be harmful if inhaled. Suspected of damaging fertility or the unborn child.

PRECAUTIONARY STATEMENTS:

Do not handle until all safety precautions have been read and understood. Wear protective gloves/protective clothing/eye protection/face protection.

IF ON SKIN: Wash with plenty of soap and water.

If skin irritation occurs: Get medical advice/attention.

IF INHALED: Call a poison control center or doctor/physician if you feel unwell.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

If exposed or concerned: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. Store locked up. Dispose of contents/container to an approved waste disposal plant in accordance with local/regional/national regulations.

Application Instructions

Hype may be applied to all types of crops including but not limited to: Corn, Soybeans and Wheat as a foliar application at a rate of ½ to 1 gallon per acre. Applications may be made at emergence and every 10 to 14 days throughout the growing season, as needed. Use sufficient carrier to adequately cover crop foliage. Caution: Plant and leaf injury may occur on some crops when certain weather and growing conditions are present.

Compatibility

Hype is compatible with most common foliar liquid nutrients and micronutrients; however, USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products.

Do not mix with other components without a compatibility test. An adequate test for compatibility involves mixing in a small container the proper proportions of the product with water and the other ingredients.

Conditions of Sale

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm> or by writing to Innova at the address on this label and referring to the lot/batch # on this container.

Weight per Gallon: 9.4 lb. (4.3 kg.)
