

ALL-IN-ONE PLANTER BOX SEED TREATMENT

NEW PRODUCT for 2026

About Complete Start Go

Complete Start Go is an all-in-one planter box seed treatment that places nutrition, carbon, amino acids, and flowability agents directly on the seed to aid seed singulation and improve early growth and vigor. It supplies nitrogen, phosphorus, sulfur, calcium, magnesium, iron, manganese, and zinc in a convenient dry formulation and includes an 80/20 blend of talc/graphite as the carrier. Humic acids, sucrose, and L-amino acids provide a concentrated carbon and amino acid package that supports early root development and stimulates beneficial soil microbes in the seed zone.

Key Benefits

- Places essential nutrition (N, P, Ca, Mg, S, Fe, Mn, Zn) directly on the seed for a strong, uniform start.
- Improves seed singulation and planter flowability with an integrated talc/graphite carrier.
- Humic acids and sucrose provide readily available carbon, helping support early root growth and the native soil biology.
- L-amino acids help maintain overall plant vigor, contributing to stronger and better developed root and shoot systems.
- Fits a wide range of crops and planter setups, including box and center-fill planters.

GUARANTEED ANALYSIS

Total Nitrogen (N)	1.0%
1% Ammoniacal Nitrogen	
Available Phosphate (P ₂ O ₅).....	5.0%
Calcium (Ca).....	1.0%
Magnesium (Mg).....	0.5%
Sulfur (S).....	2.0%
4% Combined Sulfur	
Iron (Fe).....	0.25%
0.0% Water Soluble Iron	
Manganese (Mn).....	2.0%
2.0% Water Soluble Manganese	
Zinc (Zn).....	8.0%
1.5% Water Soluble Zinc	

Derived from: Monoammonium Phosphate, Dolomitic Limestone, Iron Oxide, Manganese Sulfate, Zinc Sulfate, Zinc Oxide.

ALSO CONTAINS NON-PLANT FOOD INGREDIENTS:

Talc and Graphite in an 80/20 ratio.
L-amino acids (from soy protein hydrolysate).

SOIL AMENDING INGREDIENTS:

5% Humic Acids derived from Leonardite.
2% Sucrose.

Application Instructions

1 scoop = 3 oz.

DIRECTIONS FOR USE / MIXING INSTRUCTIONS

For use as a seed coating. Apply **Complete Start Go** directly to seeds in the hopper box and mix to ensure even coverage.

Complete Start Go may also be applied to center fill planters.

Crop	Use Rate (oz / unit of seed)	Units/ Pouch
Corn	3 oz./unit rate	25
Soybean	1.5 oz./unit rate	50
Small Grains	0.5-1.5 oz./unit rate	150
Cotton	12 oz/cwt unit rate	12
All other crops including alfalfa, canola, sugar beets, turfgrass, sunflowers, peas, chickpeas, lentils, rice, and peanuts	2 oz./unit rate	75

CORN: Two pouches of Complete Start Go will treat 1 box of corn at a 3 oz./unit rate

SOYBEAN: One pouch of Complete Start Go will treat 1 box of soybean at a 1.5 oz./unit rate

RATE CHART

CORN INFORMATION

— Use Rate: 3 oz./unit —

Population	Complete Start Bio oz. / acre	Acres / Pouch	Units / Pouch
24,000	0.90	83	25
26,000	0.98	77	25
28,000	1.05	71	25
30,000	1.13	67	25
32,000	1.20	62	25
34,000	1.28	59	25
36,000	1.35	55	25
38,000	1.43	53	25
40,000	1.50	50	25
42,000	1.58	48	25

SOYBEAN INFORMATION

— Use Rate: 1.5 oz./unit —

Population	Complete Start Bio oz. / acre	Acres / Pouch	Units / Pouch
90,000	0.96	78	50
100,000	1.07	70	50
110,000	1.18	64	50
120,000	1.29	58	50
130,000	1.39	54	50
140,000	1.50	50	50
