SUVON
PREMIUM ADJUVANTS

COC

Basic Oil Concentrate

A crop oil concentrate consisting of a blend of special non-ionic surfactants and non-phytotoxic oil.

- Helps increase contact activity of the spray, aids in penetration of plant cuticle and provides more uniform coverage of leaf surfaces
- Designed for use with a range of herbicides, insecticides, fungicides, fertilizers and micronutrients

USE RATE AND PACKAGING

	Use Rate: 1-4 qt/100 gal*
	Weight/Gallon: 6.8-7.5 lbs/gal
	Package Sizes: 270 gal totes; 2x2.5 gal jugs

*** Refer to the product label for more specific rate information.**

GENERAL INFORMATION

Suvon COC is a balanced system of oil and surfactants designed to be used with herbicides and defoliants that call for an oil adjuvant.

Suvon COC may be used as a replacement for crop oils and surfactants added to herbicide and defoliant spray programs.
