**KEEP OUT OF REACH OF CHILDREN**

## WARNING

### PRECAUTIONARY STATEMENTS

**WARNING:** Hazardous to humans and animals. Causes eye irritation. May be harmful if swallowed. May be harmful in contact with skin. May be harmful if inhaled. When mixing or apply agricultural sprays, always wear protective spray goggles and impervious gloves plus protective clothing as recommended on pesticide labels. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco products.

### PESONAL PROTECTIVE EQUIPMENT

**USER SAFETY RECOMMENDATIONS:** Applicators and other handlers must wear long sleeved shirt and long pants, impermeable or chemical resistant gloves, protective eye wear (goggles or face shield), and shoes plus socks. Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. User should wash hands before eating, drinking, chewing gum, using tobacco, or using toilet. Remove clothing immediately if pesticide gets inside. Wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

### FIRST AID

**IF IN EYES:** Immediately flush eyes with plenty of water, lifting the eyelids and rinse for 15-20 minutes. Remove contact lenses, if present, then continue rinsing. If eye irritation persists, get medical attention or call a Poison Control Center for advice.

**IF ON SKIN OR HAIR:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 10-15 minutes. Get medical attention if irritation develops or persists. Wash contaminated clothing before reuse.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Rinse mouth. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.

**IF INHALED:** Move person to fresh air and keep at rest in a position comfortable for breathing if they feel unwell. If person is not breathing, call 911 or an ambulance, then give artificial respiration, mouth to mouth, if possible. Call a poison control center or doctor for treatment advice.

### GENERAL INFORMATION

**Suvon HOT-PAK** increases absorption and uptake of water soluble herbicides and is compatible with most pesticides and liquid fertilizers.

**Suvon HOT-PAK** provides equivalent or superior efficacy enhancement with improved crop safety.

**Suvon HOT-PAK** enhances absorption of water-soluble herbicides.

Approved for use with Artillery™ WSP.

### DIRECTIONS FOR USE

The addition of spray adjuvants to some spray tank additives, including some herbicides and fertilizers, may cause phytotoxicity to the foliage and/or fruit of susceptible crops or non-targeted vegetation. Prior to the application of **Suvon HOT-PAK** to a spray mix, the applicator must have experience with the combination or must have conducted phytotoxicity trials.

### USE RATES

**GROUND APPLICATIONS:** Use **Suvon HOT-PAK** at 4 qts/100 gallons of spray volume or 1.0% by volume in ground applications.

**AERIAL APPLICATIONS:** Use a minimum of 3-6 oz/acre in 1-5 gallons of spray.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Keep in original container. Store in cool, dry place. Protect from excessive heat. Keep locked up and away from children. Do not reuse empty container. Triple rinse during mixing and loading and add rinse water to spray tank. Offer decontaminated containers for recycling or reconditioning, or puncture and dispose of in sanitary landfill. Contact county agricultural commissioner for container disposal information.

### CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Weather, crop conditions, timing and methods of applications, mixture with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.
