HS-COC

High Surfactant Oil Concentrate

A blend of paraffinic oils and surfactants designed to enhance spray applications and performance.

- Replaces traditional crop oil concentrates and is formulated to be used at lower rates
- Improves leaf penetration and increased efficacy
- Improves humectancy
- Superior spreading and emulsifying qualities

USE RATE AND PACKAGING

	Use Rate: 1-2 qt/100 gal*
	Weight/Gallon: 7.49 lbs/gal
	Package Sizes: 270 gal totes; 2x2.5 gal jugs

*** Refer to the product label for more specific rate information.**

GENERAL INFORMATION

Suvon HS-COC is a specifically formulated, low-use rate surfactant/petroleum oil-based adjuvant.

Suvon HS-COC is designed to be used at lower rates than traditional crop oil concentrates and may be used with many post-emergence pesticides.
