HS-MSO

High Surfactant Oil Concentrate

An MSO-based product that is compatible with multiple tank mix partners and spreads better than a standard MSO.

- Provides MSO and NIS in one product
- Spreads better than standard MSO products
- Compatible with multiple tank mix partners
- Improves tank clean-out

USE RATE AND PACKAGING

	Use Rate: 1-2 qt/100 gal*
	Weight/Gallon: 7.63 lbs/gal
	Package Sizes: 270 gal totes; 2x2.5 gal jugs

*** Refer to the product label for more specific rate information.**

GENERAL INFORMATION

Suvon HS-MSO is a specifically formulated, low-use rate surfactant/petroleum oil based adjuvant.

Suvon HS-MSO is designed to be used at lower rates than traditional concentrates and may be used with many post-emergence pesticides.
