SUVON
PREMIUM ADJUVANTS

TRIO

Water Conditioner without AMS

PRINCIPAL FUNCTIONING AGENTS

Citric acid, Alkyl amine ethoxylate, Alcohol ethoxylate phosphate ester	56.4%
Constituents ineffective as a spray adjuvant	43.6%
Total	100%

KEEP OUT OF REACH OF CHILDREN

WARNING

Causes serious eye and skin irritation. Harmful if swallowed. May be harmful if inhaled or absorbed through skin.

PRECAUTIONARY STATEMENTS

Do not breathe mist or spray. Wear eye and/or face protection. Wash hands, face, and other affected areas thoroughly after handling. Use only outdoors or in a well-ventilated area.

FIRST AID

IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and if easy to do and continue rinsing. Call a poison control center or doctor immediately for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor if you feel unwell.

IF INHALED: Call a POISON CENTER/doctor and seek medical attention if you feel unwell. Remove person to fresh air and keep comfortable for breathing.

GENERAL INFORMATION

Suvon TRIO is a blend of water conditioning agents and surfactants designed for use with a broad range of herbicides, particularly those based on glyphosate. It improves wetting of the spray mixture resulting in a more uniform spray deposit. This may increase the degree and rate that the herbicide(s) is absorbed into the plant.

FOR USE WITH HERBICIDE PRODUCTS REGISTERED FOR: AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NONCROPLAND, ORNAMENTAL, RIGHTS-OF-WAY AND TURF.

USE RESTRICTIONS: NOT FOR AQUATIC USE. Do not use with sulfonylurea herbicides.

DIRECTIONS FOR USE

Prior to use, read and follow all directions on this label and on the label of the herbicide(s) being used. The herbicide(s) manufacturer's label for specific usages and restrictions have precedence over DIRECTIONS FOR USE referred to on this label.

APPLICATION	USE RATE
Ground, Aerial, CDA	0.25 - 1.0% v/v (1-4 quart(s)) per 100 gallons spray solution)
Water Conditioning	0.25 - 1.0% v/v (1-4 quart(s)) per 100 gallons spray solution)

If the applicator does not have experience using this product, a jar test must be performed to facilitate safety and compatibility with each tank mix. **Note:** The above use recommendations are considered to be adequate for most uses. Some herbicide(s), however, may require higher or lower rates for optimum effect. Follow the herbicide(s) label directions when this occurs. Do not add **Suvon TRIO** at a level that would exceed 2% v/v of the finished spray volume.

MIXING

All spray mixing and application equipment must be thoroughly cleaned before product(s) are applied.

1. Fill spray tank half full of water and start agitation.
2. Add desired rate of **Suvon TRIO** to water before adding product(s).
3. Add product(s) as directed by the label while maintaining agitation.

STORAGE AND DISPOSAL INFORMATION

STORAGE: Store product in original container only. Do not allow other chemicals to be introduced into the container. Keep this container closed and locked up when not in use. Keep away from food, feed, or other products to prevent contamination. Do not freeze. Shake well before use.

DISPOSAL: Do not contaminate water sources with equipment wash water, spray disposal waste, or by cleaning of equipment. Triple rinse container and pour rinsate into spray tank. Do not reuse container. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Dispose of contents/container in accordance with local/national regulations.

NOTICE OF WARRANTY

Seller warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the Seller. IN NO CASE SHALL SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. ALL SUCH RISKS SHALL BE ASSUMED BY THE BUYER. SELLER MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.
